

FRESCOLORI® structure Five

Delivery and servicing surfaces exclusively by trained FRESCOLORI® processing specialists, with a long-term guarantee of high quality.

A natural matte open-pore surface, which gains expression through our Caramor in grain strength 5. Sometimes, densely compressed points become smaller.

Material:	1 CM5 layer
Consumption:	CM5 about 0.9 kg/m ² each layer
Colour:	freely selectable
Application:	Indoor

Surfaces are prepared and primed.

- Application of the first layer of the CARAMOR® limestone-marble plaster, in grain thickness 7r
- Observe the waiting times, with a rest period until the first layer is dry.
- Application of the second layer of the CARAMOR® limestone-marble plaster, in grain thickness 0, in tighter execution in all directions
- Observe a shorter wait period
- Polish the surface with a trowel
